About the event

The Geolgnite Career fair in Calgary is planned as an annual event. Located within the country's largest density of geomatics and location technology companies, ranging from promising startups to leading global giants, Calgary is a hub for education R&D advancement in Canada.

The career fair is working closely with the University of Calgary and the Southern Alberta Institute of Technology (SAIT) to engage students and graduates.

GoGeomatics Canada, with its unparalleled communication channels in the sector, and the Expo, will promote the career fair alongside our partners. As an annual event, the opportunity to hire talent with a passion for technology is unique. Motivated job seekers in the area of computer science, programming, data science, geomatics, surveying, GIS, reality capture, digital twins, BIM, and location technologies will be eager to engage and learn.

Setup for the event

Located separately but side by side with the Expo, the career fair will be composed of booths, and a separate area for networking, interviews, and presentations. Career fair recruiters who's organization are exhibiting in the Expo contact us for discounted career booth. Please note job seekers have free entry into the career fair but must buy a ticket to enter the expo.

The career fair will be free for job seekers and the public. This does not include access to the Expo.
